

The Divine Experience

God became Human to enjoy the senses;
But enjoyment leads to that Divine Ecstasy
By which Human Beings experience Liberation.

The divine plan is based upon God's desire
To create a world for His enjoyment
And a way of life for Cosmic People
To enjoy Liberation and return to Divinity.

You must feast the senses on the naked body
By the enjoyment of Sight, Taste, and Touch,
To enjoy the Smell and Sound and Movement
Till all these things are commonplace to you.

The Five Organs of Sensuality
Join in Creating the Fifth Dimension;
A Sensuous World of Ecstasy Divine
To penetrate beyond the Veil of Life.
