

# Sawl Sang

(old english for soul song)

As Brahma, Vishnu, and Maheshvara,  
God is not conscious of a Trinity;  
As the rose knows nothing of its fragrance,  
Men do not know their own divinity.

Do oysters know the value of their pearls,  
Or space the reach of its infinity?  
As the moon knows nothing of the moonlight,  
Men do not know their own divinity.
